With proper care and maintenance, your system will provide you with years of dependable service. ***Please inspect your purchase to ensure that your system contains the selected components listed below. If there are any discrepancies, please contact COOLSHIRT Customer Service at 800-345-3176 immediately.***

System Specifications:

Dimensions
20"L x 18.5"W x 20.7"H

Cooling Time
3-4 Hours

Dry Weight
44 lbs.

Power Required
Water Pump: 110V

Instructions for use:

- 1) Pour 3 Gallons of water into the cooling unit . Fill the unit with block ice (preferable) or cubed ice to the top of the unit.
- 2) Put COOLSHIRT/Aqua Vest on next to skin or over t-shirt
- 3) Connect hose to cooling unit and COOLSHIRT/Aqua Vest. Listen for an audible “click” which insures a good connection. Turn the unit on.

Troubleshooting:

- 1) **Leaks:** Check to see if all fittings are properly connected. Listen for audible “click”.
- 2) **Not Pumping:** recheck electrical connections.
- 3) **Water not flowing:** Check the hoses to be sure that something is not crimping the tubing. If the pump is running but not pumping water, add one gallon of water.

Maintenance:

Add 4 ounces of Maintenance Additive (5003-0001) in the cooling unit ***with the ice and water each time the unit is used.*** This will help keep the pump, hoses and vest lines clear of the buildup that occurs naturally in water circulation systems and maximize the performance and lifetime of the pump.

All products are guaranteed for one year from the initial date of purchase for defects in material and workmanship. If you have any questions, please call COOLSHIRT SYSTEMS Customer Service at (800)345-3176. We appreciate your interest in our personal cooling products.
